To Whom It May Concern:

For the past six years I've been privileged to know Mrs. Zwolinski and I can truly say that she is a sincere, special woman of valor.

Mrs. Zwolinski puts enormous effort into teaching, encouraging, and inspiring Jewish women from all backgrounds to get closer to Hakadosh Boruch Hu, and helps them discover and feel the beauty and love in the Jewish Orthodox tradition. She specializes in teaching, counseling, and spreading the JOY of Jewish life based on the philosophy and wisdom of the Chasidic master, the Holy Rebbe Nachman of Breslov.

I sincerely wish her great success as she continues the important mitzvah of *kiruv*, by reaching out to more women around the world, and helping them experience the positivity, *emunah*, and *bitachon* Breslov Chassidus can bring to their lives.

Sincerely,

Rabbi Eliezer Trenk
