

For January 2022 and Tevet-Shevat 5782

Dear Friend of BreslovWoman,

Does learning with BreslovWoman.org help you find more reasons to feel inspired and hopeful? Do you think that your friends, family and other women like you could benefit from our commitment to helping women find inner, psychospiritual growth, creativity, and joy?

If so, will you please join us in making sure that our free programs can continue? We lost our major funding and we're really finding it difficult (though of course with emunah, bitachon and Rebbe Nachman's bracha) to continue our programs. If you are someone who has attended our free programs but not had the opportunity to sponsor, would you please consider helping? Together, we can have the zachut to share Rebbe Nachman's joy!

May the merit of supporting Rebbe Nachman's teachings bring blessing into your life!

With joyful appreciation,

Chaya Rivka Zwolinski, Director
